

# Groveton Conservation Commission

---

September 15, 2022

In Attendance:

Ed Mellett, Brian Newton, John Normand, Lawrence Benoit, Dale Covey

Meeting called to order @ 7:01 PM.

- Minutes from the April 2022 meeting were reviewed. JN motion to approve. LB 2<sup>nd</sup>. All in favor.
- Conservation Commission fund balance: \$25,607.44.
- Greg Ainsworth is currently working on preparation of the CC's two management plan updates.
- The powerline project between Whitefield and Lost Nation power stations is complete. Closeout and mat removal work is scheduled for this fall.
- Bag Hill: Someone had put up signs that said, "no Vehicles". They have since been removed. Apparently, there was a complaint and NH F&G had had placed the signs in response. The road is scheduled to be rock raked by the ATV club.
- Barry Conservation Camp: Ed has sent out emails, Facebook, and other social media avenues announcing BCC for next year requesting applicants to apply for attendance and CC's sponsorship. This past summer Matthew Boivin attended the camp.
- The Lyman Falls Dam and Wyoming Dam reclamation projects are complete and have been "put to bed".
- Dale handed out correspondence from NH Fish & Game regarding cost-share for wildlife habitat and apple tree improvement on the town forests. Dale will contact Jake Debow from NH F&G to make a presentation to the Commission regarding same for next month's meeting.
- Next Meeting: October 20 at 7 PM.
- DC moved we adjourn. BN seconded. All approved. Meeting adjourned @ 7:26 PM.

Respectfully Submitted,

Dale Covey
